Irving, TX 75015-2092

## Public Notice of Network Change under FCC Rule 51.329(a)

### Migrating 911 Selective Router Facilities in Illinois, Indiana, Michigan, Ohio, and Wisconsin

**March 27, 2009**

**Carrier:** The Verizon local exchange companies participating in this filing are the regulated, wholly owned ILECs of Verizon Communications Inc. ("Verizon") operating in Illinois, Indiana, Michigan, Ohio, and Wisconsin.<sup>1</sup> Verizon is located at 600 Hidden Ridge, Irving, Texas 75015.

**Contact:** For additional information on these planned network changes, please contact:

Margaret H. Detch  
Manager – Wholesale Regulatory Advocacy  
Verizon Partner Solutions  
385 Myles Standish Blvd., Rm C-040  
Taunton, MA 02780  
508-884-1445

**Implementation Date for all Selective Router Migrations** (on or after): September 30, 2009

**Description of the Planned Network Changes:** For the locations listed below, Verizon will migrate Enhanced 911 functionality from existing CML ECS-1000 selective routers to DMS-100 selective routers or 5ESS tandems, as applicable, in order to meet long-term capacity and growth requirements of interconnecting wireline, wireless, and VoIP carriers, as well as the needs of Verizon's other customers. Verizon will decommission all CML ECS-1000 selective routers in these locations following the scheduled migration.

**Description of Reasonably Foreseeable Impact of the Planned Changes:** First, interconnecting carriers must issue an Access Service Request (ASR) establishing 911 connectivity to the appropriate DMS-100 selective router or 5ESS tandem and also may need to physically relocate trunking facilities if applicable. Next, interconnecting carriers must submit a second ASR to disconnect existing service from the CML ECS-1000 selective router. Verizon account management teams will contact and assist affected carriers to ensure a seamless transition.

---

<sup>1</sup> The Verizon ILEC companies include: Verizon North Inc. and Verizon South Inc. for Illinois; Verizon North Inc. and Contel of the South, Inc., d/b/a Verizon North Systems for Indiana and Michigan; and Verizon North Inc. for Ohio and Wisconsin.

**Planned Network Changes Will Occur at the Following Selective Router Locations:**
