

VZ - Verizon at Jefferies & Co. Global Internet, Media & Telecom Conference

Event Date/Time: May. 12. 2010 / 3:30PM GMT

Obviously a component to the apps and a contributor is through our devices and a proliferation of smartphones. And clearly

It is essential to have it before we launch LTE. So, as we launch LTE, we will have converted the cells that support LTE to the

QUESTIONS AND ANSWERS

Vodafone was very much involved with us in our selection of LTE vendors. That was a joint effort, so we each trialed a handful
