5.0 Monthly Commitment/Take-Or-Pay.

5.1 Definitions.

5.1.1 Applicable International LD Services: means XO® Dedicated and Switched International Long Distance (1+ and ITFS/UIFN).

5.1.2 Discount: means the applicable percentage discount set forth in the table below, off XO standard per minute usage rates for Applicable International LD Services, as set forth herein. The Discount is based upon the International LD Monthly Commitment level selected by Customer, as indicated on the Service Order Agreement. Discounts do not apply to Non-Recurring Charges (NRC), Monthly Recurring Charges (MRC), Long Distance Features, domestic Long Distance usage, Canadian Toll Free charges, or other XO Services. No other discounts may be applied.

5.1.3 Monthly Charges: means the gross monthly usage charges for Applicable International LD Services ordered and/or used by Customer, but does not include Non-Recurring Charges (NRC), Monthly Recurring Charges (MRC), Long Distance Features, domestic Long Distance usage, Canadian Toll Free charges, taxes and surcharges, including Universal Service Fund, and charges for equipment. Only Applicable International LD Services billed on the same invoice will contribute to the International LD Monthly Commitment.

5.1.4 Ramp Period: means ninety (90) days from the Start of Service Date of Customer's first location receiving XO Global International Long Distance Services.

5.2 Monthly Commitment Rate Table.

International LD Monthly Commit	Discount (1+)	Discount (ITFS/UIFN)
\$1,000	5%	15%
\$5,000	10%	15%

5.3 Monthly Revenue Commitment: In order to receive the Discounts set forth above, Customer must agree to a minimum monthly International Long Distance revenue commitment ("International LD Commitment"). The Discount is based upon the level of commitment selected by the Customer, as designated on the applicable Service Order Agreement. Attainment of the International LD Commitment is measured based on the Monthly Charges, as defined above. If Customer's aggregate Monthly Charges in any month after the Ramp Period are less than Customer's International LD Commitment, then XO will bill and Customer agrees to pay a shortfall charge equal to the difference between Customer's aggregate Monthly Charges and Customer's International LD Commitment. If Customer cancels or terminates all Applicable International LD Services prior to the end of the Initial Term or any renewal Term, an amount equal to the International LD Commitment for the remainder of the Term shall be immediately due and payable (i.e., the aggregate commitment level over the Term shall be due). This measure shall supersede the early termination charge calculation set forth in the Terms and Conditions with respect to usage-based charges for Applicable International LD Services only (additional early termination charges apply for services based on Monthly Recurring Charges, as set forth in the Terms and Conditions). If Customer cancels or terminates a portion of the Applicable International LD Services prior to the end of the Initial Term or any renewal Term, the obligation to meet the International LD Commitment agreed to herein shall remain in full force and effect for the remainder of the Initial (or renewal) Term.

5.4 Operator Assistance/Directory Assistance: Operator Assistance and Directory Assistance services are not included in this plan, but are available to customers subject to XO's tariffs.
