

NaaS Quick Start – Private IP Promotion

Promotional Benefits

Subject to the conditions below, Customers who order Verizon Private IP Optimized Services for the first time will receive credits equal to the monthly recurring charges (“MRC”) for the following services based on the Service Commitment or Volume Commitment:

- Private IP Port
- Access Circuit

Customers committing to a two year term will receive a credit in the second full monthly billing period. Customers committing to a three year or greater Commitment will receive credits in the second and third full monthly billing periods.

Conditions

1. The number of promotional payouts are based on the Access Service Commitment if different from the Volume Commitment.
2. Only Private IP ports ordered with Access circuits located in the contiguous United States are eligible for this promotion.
3. If Customer disconnects the Verizon Private IP port before the promotional credits have been applied, the credits will be forfeited.
3. Orders may be expedited, but applicable expedite fees will apply.
4. For Volume Commitments, only locations ordered within the first six (6) months of adding of this promotion to the Volume Commitment Period will be eligible for the promotion.
